

TABLE OF CONTENTS

THE HOOF

What is a horse hoof?	13
Why is hoof health so important?	13
What do I need to know about how the hoof has been built up to understand this book?	14
What is hoof mechanism?	16

WHAT IT IS

What is laminitis?	17
What is the difference between a symptom and a clinical sign?	17
Is laminitis a hoof disease?	17
What is subclinical laminitis?	18
Can my horse get laminitis even in winter?	18
Do wild horses get laminitis?	19
Does laminitis only occur in horses?	19
How does the laminitis progress?	19
There appear to be three types of laminitis. What about that?	21
How do I tell which one of the three it is?	22
How does the lamellar connection get damaged?	23
Why is it almost always only the front hooves that get affected?	24
Can a horse have laminitis in just the hind hooves?	24
And in one hoof only?	24
My hoof care provider was talking about a stretched white line. What is that?	25
What is a lamellar wedge?	25
What is a laminitic ring?	25
What is a flare?	26
What are 'Aladdin-slippers'?	26
What are coffin bone and hoof capsule rotation?	26

The X-rays show ten degrees of coffin bone rotation.
 Does this spell the end of my horse? 27

The sole is full of bruises. Why is that? 27

What is sole perforation? 28

What is a sinker? 28

What is hoof sloughing? 29

What is a ski-tip? 29

CAUSES

What are primary and facilitative causes? 31

What are the causes of laminitis? 31

What is insulin resistance? 36

What is EMS? 37

What is the difference between insulin resistance and EMS? 37

My vet mentioned obesity and adiposity.
 What are they and what is the difference? 37

There's not just one kind of sugar, is there? 38

What is fructan? 38

Don't horses often get laminitis from fructan? 39

What is stressed grass? 39

I thought only spring was dangerous. Now it is autumn and my
 horse is suddenly laminitic. How is that possible? 40

The grass is very short. Yet my horse got laminitis.
 How is that even possible? 40

Is PPID the same as Cushing's disease? 41

What is ACTH? 41

What is cortisol? 41

Does my horse have EMS or is it PPID? 42

My horse is given corticosteroids. Could this lead to laminitis? 42

Can too much protein in the grass provoke a bout of laminitis? 42

My mare will soon have a foal.
 What's the story with the placenta and laminitis? 43

My horse has survived a severe colic attack and now it has
 laminitis. Is there a link? 43

My horse got laminitis after drinking a lot of water.	
How is that possible?	43
Could a vaccine or a worm treatment be the cause?	44
Is my horse at greater risk?	44
Okay, so stress is bad for my laminitic horse.	
But how do I prevent stress?	44
Is my horse more likely to get laminitis again now that he has had it once?	45
One of my ponies keeps getting laminitis, the other doesn't.	
How is that possible?	46
Is laminitis hereditary?	47
What is winter laminitis?	47

DIAGNOSIS

Does my horse have laminitis?	49
My hoof care provider has said that my horse has laminitis.	
Do I still have to call the vet?	49
How can I recognize laminitis myself?	49
How do I know if my horse is in pain?	50
What is the laminitic stance?	51
What are pulsations?	51
How do I take my horse's digital pulse?	51
What are the BCS and CNS?	52
How do I measure the neck size of my horse?	52
How does the veterinarian make the diagnosis?	52
What is the Obel grading system?	53
Why does the veterinarian use hoof testers?	
Can the hoof care provider do this too?	53
Do I need to have X-rays?	
Where can I have them taken and how much does it cost?	54
What is a thermal image?	54
What blood tests is the vet going to carry out?	55
What are reference ranges or normal lab values?	55
Couldn't it be not something else?	56

TREATMENT

Can a horse be cured of laminitis?	57
What should I do if I think that my horse has laminitis?	58
Does my horse have to be hospitalised?	58
Is box rest necessary?	59
My horse is lying down for such a long time that he gets pressure sores. What should I do?	59
What is cold therapy?	60
How do I cool the hooves?	60
How do I make emergency insoles?	60
Do I need to stimulate blood circulation in the hooves?	61
How do I do this?	61
Do I need to soak hay? How do I do that?	61
Do horses even like wet hay?	62
Do I still have to soak the hay in winter?	62
Can haylage or beet pulp also be soaked?	62
How do I know if my horse is overweight and how much?	63
How do I make my horse lose weight?	64
How do I exercise my horse in a responsible way?	64
What is a grazing muzzle?	65
What drugs are available for laminitis?	65
Are painkillers always a good thing?	67
Are anti-inflammatories necessary?	67
Do I need to give stomach liners?	68
Are anticoagulant drugs necessary?	68
Why does the vet prescribe aspirin?	69
Can I also give my horse paracetamol?	69
What are the side effects of pergolide?	69
Are there no herbal alternatives to pergolide?	70
My veterinarian mentioned metformin. What is that?	70
My horse's hooves have to be casted. What does that mean?	70
What is a tenotomy?	71
What is a resection?	71
Should I give supplements?	72
Do I give magnesium?	72

What kind of magnesium should I give then?	73
Should I give copper, zinc or manganese?	73
What is supplement X?	73
Can I support recovery with herbs?	74
Should I give biotin?	74
What are omega fatty acids and do I need to give them to my horse? ..	75
Are willow branches any good?	75
What is devil's claw?	75
Do probiotics make sense?	76
Apple cider vinegar is said to be beneficial for my insulin-resistant horse. Is that true?	76
Everyone uses CBD oil, it seems. Can my horse benefit from that?	76
What is manual lymphatic drainage?	77
Is acupuncture helpful?	77
Will bio-resonance help?	78
How about homeopathy?	79
Can I use magnetic bandages to improve blood circulation?	79
What is detoxification and is it necessary?	80
There is some revolutionary alternative therapy or a new drug. Is it worth trying?	81
What is the placebo effect and does it also exist in horses?	82
Treatment X works very well for my horse. Isn't that proof that treatment X works?	82
Treatment X is clearly working for my friend's horse but not for mine. How is that possible?	83
Someone offers distant healing of my horse. Should I accept this offer?	84
The vet, the hoof care provider, my friends at the stable and the whole of facebook say something else. Who should I believe?	85
But what if a professional is talking nonsense?	86
How long does it take for laminitis to cure?	87
How will I know when laminitis is over?	88
How do I pick up my horse's training again?	88
How do I prevent my horse from getting laminitis again?	89
When do I know that euthanasia is the only option left?	90

NUTRITION

What is the best diet for my laminitic horse?	91
Can I still feed my horse pellets and grains?	92
And horse muesli or pellets with extra vitamins and minerals?	92
What is a balancer?	92
What do I need to pay attention to when it comes to drinking water?	93
What kind of salt lick does my laminitic horse need?	93
How much does my horse need to eat?	94
In fact, my horse is too thin. What can I give him to safely put on weight?	94
His weight is absolutely fine and yet he still has problems. How can that be?	95
When is grass low in carbohydrates?	95
How useful is an app or a website that predicts fructan levels?	96
Can my horse still go out to pasture?	97
How do I make sure my horse doesn't eat too much?	97
Are all grass types equally dangerous?	98
What is cow grass?	98
Can my horse only eat hay now?	98
Is any kind of hay good?	99
Should I have the soil or the hay analysed?	99
Is free choice hay always right?	100
Is a hay net or slowfeeder a good idea?	101
What is grass seed hay and is it good for my horse?	101
Is wild hay good for my horse?	102
Old hay has hardly anything in it, does it? Shall I feed it?	102
Can I give silage or haylage?	102
Is soaked beet pulp good for feeding my horse?	103
I want to give my horse a treat now and then. What is safe to give?	103

HOUSING AND MOVEMENT

I want to change the housing for my laminitic. What can I do?	105
My horse is at a yard where I cannot put him in a paddock as much as I want. How do I fix this?	105
The yard manager refuses to feed my horse differently from the other horses. What should I do?	106
What is a paddock paradise?	107
When my horse is in the stable, do I have to install stable mats?	107
Should I fertilise the pasture?	108
Shall I mow the meadow nice and short?	108
Is it best to put my horse in the field at night or rather during the day?	109
I have a forest plot next to my field. Shall I let my horse in there? ...	109
My horse will have to be kept alone for a while. How can I make sure that he does not get bored or stressed?	110
When will my horse be able to move again?	110
When can we start riding again?	111

HOOF CARE

Can my horse be barefoot?	113
What is the best way to trim a laminitic hoof?	114
How often should my horse be trimmed?	115
What is the difference between natural, physiological and traditional trimming?	116
Is a trimmer something else than a farrier?	116
How do I find a good hoof care provider?	117
My horse is in too much pain to lift a foot when trimmed. What do I do?	117
My horse is sensitive or even lame after the trim. Is that normal? ..	118
What can I do myself between trimming appointments?	119
My horse now has a hoof abscess. Is that normal? What should I do about it?	119

What is white line disease? Should I treat it myself?	120
Does my horse need hoof boots?	121
Which boots does it need then?	122
How do I find the right size of hoof boot?	122
Can hoof boots stay on 24/7?	123
Why are hoof boots so expensive compared to horseshoes?	124
What kind of therapeutic shoeing is out there? Does it help?	124
I am terrified of removing the shoes from under my horse. Should I really do this?	125
What if my horse really can't do without?	126
What are synthetic shoes? Is it better than regular shoes, barefoot or hoof boots?	126
I have put photos of my horse's hooves on Facebook. Now I am getting contradictory advice. How should I deal with this?	127

AND WHAT ABOUT ME?

How do I communicate with the veterinarian and the hoof care provider?	129
My vet and my hoof care provider disagree. What should I do?	130
I have my doubts about the work of my hoof care provider. What is the best approach?	130
I have my doubts about what my vet says. What do I do?	131
How do I assess objectively how my horse is doing?	132
I want so much to do something for my horse, but what?	133
Where do I find support?	133
Where do I find more information about laminitis?	134
